

# Guide to becoming a Troxo sales agent

## Who are we?

Troxo is a software outsourcing company with an excellent track record of web development, client-server applications, data mining and e-commerce software.

## Why do we need a sales agent?

We have the skills, you have the connections. We stand out from the crowd and you know who our perfect match is.

## How can you help us?

You will recommend and promote Troxo's software development services. You know the right people and where you should start.

## How will you benefit from this cooperation?

For every client that you bring to us you will receive a 50% commission on the first invoice and a 10% lifetime commission on the consecutive invoices.

With just a few good clients you would have a really nice source of income.
